

Bayer

2Q'26 Preview: Expect a solid Quarter, with Guidance reiteration to underpin latest Vara Consensus

Bayer will report 2Q'26 results on Tuesday, August 4, 2026 at 6:30am BST (7:30am CEST/1:30am ET), followed by an investor conference call at 1pm BST (2pm CEST/8am ET); dial-in details TBC. **On 2Q'26 Sales:** We forecast Group Sales of €10,687m, broadly in-line with BBG Consensus of €10,721m, with our expectations for c. 1% higher Consumer sales offset by our c. 1% lower Pharma and slightly lower Crop forecasts. **On 2Q'26 EBITDA (u/l):** We forecast EBITDA (u/l) of €1,939m, c. 1% below BBG Consensus at €1,956m, with our expectation for better profitability in Pharma [EBITDA (u/l) of €1,038m vs. €1,023m] offset by greater costs in Reconciliation [EBITDA (u/l) of €149m vs. €110m]. **On Core EPS:** we forecast Core EPS of €0.73, c. 4% below BBG Consensus at €0.76 (although we believe Consensus does not fully reflect the new Core EPS reporting approach, and so we wait for Vara Consensus for a more accurate reflection of Consensus expectations for Core EPS). **On the FY'26 guidance,** we expect Bayer to reiterate its guidance at CER for Group Sales growth of "0% to +3%" (€45bn to 47bn), with a -1% FX (or -€0.5bn) headwind on sales leading to a reported sales range of €44.5bn to €46.5bn. On EBITDA (u/l), we expect that Bayer will also reiterate its guidance for "-1% to +4%" growth at CER (€9.6-10.1bn) with a -2% FX (or -€0.2bn) headwind, leading to a reported range of €9.4-9.9bn. This leads us to expect the Core EPS guidance at CER will also remain at ~€4.30-€4.80, with a €0.20 FX headwind leading to an unchanged reported Core EPS range of €4.10-4.60. With latest Vara Consensus broadly in line with the middle of these ranges, including for Core EPS at €4.32, we do not expect any changes following the results. **Overall, we expect the 2Q'26 results to come broadly in-line with BBG Consensus expectations, but anticipate a reiteration of the guidance that will underpin FY'26 Vara Consensus forecasts and hence expect the results to have limited impact on the shares.**

2Q'26 Guidance Expectations:

- **We expect Group FY'26 guidance to be reiterated for Sales, EBITDA (u/l) and Core EPS, which should leave latest Vara Consensus unchanged following the results:** We expect Bayer to reiterate its guidance at CER for Group Sales growth of "0% to +3%" (€45bn to 47bn), with a -1% FX (or -€0.5bn) headwind on sales leading to a reported sales range of €44.5bn to €46.5bn. On EBITDA (u/l), we expect that Bayer will also reiterate its guidance for "-1% to +4%" growth at CER (€9.6-10.1bn) with a -2% FX (or -€0.2bn) headwind, leading to a reported range of €9.4-9.9bn. This leads us to expect the Core EPS guidance at CER will also remain at ~€4.30-€4.80, with a €0.20 FX headwind leading to an unchanged reported Core EPS range of €4.10-4.60. With latest Vara Consensus broadly in line with the middle of these ranges, including for Core EPS at €4.32, we do not expect any changes following the results. At the divisional level, we also expect the guidance to remain unchanged (see Table 1).

Explanation of Equity Research Ratings, Designations and Analyst(s) Coverage Universe:

J.P. Morgan uses the following rating system: Overweight (over the duration of the price target indicated in this report, we expect this stock will outperform the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe); Neutral (over the duration of the price target indicated in this report, we expect this stock will perform in line with the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe); and Underweight (over the duration of the price target indicated in this report, we expect this stock will underperform the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe. NR is Not Rated. In this case, J.P. Morgan has removed the rating and, if applicable, the price target, for this stock because of either a lack of a sufficient fundamental basis or for legal, regulatory or policy reasons. The previous rating and, if applicable, the price target, no longer should be relied upon. An NR designation is not a recommendation or a rating. Some stocks under coverage have a rating but no price target; in these cases, we expect the stock will outperform/perform in line/underperform the average total return of the stocks in the Research Analyst's, or the Research Analyst's team's, coverage universe of the relevant duration of the region. In our Asia (ex-Australia and ex-India) and U.K. small- and mid-cap Equity Research, each stock's expected total return is compared to the expected total return of a benchmark country market index, not to those Research Analysts' coverage universe. If it does not appear in the Important Disclosures section of this report, the certifying Research Analyst's coverage universe can be found on J.P. Morgan's Research website, <https://www.jpmorganmarkets.com>.
