

## CHINA CONSUMER DURABLES: APPLIANCE TRACKER

## June 2026: Domestic showing early bottoming out signs with easing comps, resilient overseas on share gains

**Domestic appliances data started to show sequential improvements in June on a lower base:** 1) NBS home appliances and electronics retail sales fell by 9% yoy in Jun (vs. -16% yoy in May), showing sequential improvements as a lower comp base kicks in; 2) AC domestic ex-factory shipment came in better than feared at -7% yoy (vs. -23% in the previous production plan as compiled by IOL) aided by sequentially better pricing. Going forward, we expect domestic demand growth to gradually recover with diminishing drags from front-loaded demand against easing comps (retail sales +15%/-18% yoy in 3Q25/4Q25 vs. +40% yoy in 2Q25 per NBS). That said, high frequency data suggests it remains difficult to pass through all the cost inflation pressure through price hikes, in the absence of a strong demand recovery.

**Appliances exports remained resilient and beat IOL and market expectations in June.** Overall appliances exports growth further accelerated to DD% growth in Jun vs. HSD% in May. Though AC exports decline widened slightly mom, the magnitude came narrower than previous production plan. Consumer sentiment in the US/Europe and US housing sales data also demonstrated sequential improvements recently, consistent with a narrower appliances' shipment decline in the US in 2Q compiled by AHAM. Going forward, we expect continued robust growth momentum on the back of continued market share gains via innovative/competitive products, as shown from the recent popularity of Chinese ACs amid Europe's heatwave.

**On cyclical factors,** shipping rates further increased in the past month. Key commodity costs pulled back in the past month. Regarding **stock ideas**, we continue to favor Buy-rated **Midea (A/H)** as we see limited downside risk protected by shareholder returns and upside potential from overseas markets and emerging business. We continue to hold a constructive view on **Ninebot** for its growth potential from a comprehensive product line-up, including share gains in the domestic E2W market, structural growth of robotic lawn mowers and overseas E2W potential, against a near historical low valuation. We turned more constructive on **Roborock** as we expect faster revenue growth driven by continuous global market share gains, new product expansion esp. wet dry vacuums and margin recovery after business strategy adjustment esp. in China on the back of sequentially easing competition.

## Ex-factory shipments decline came better than expected in June

According to China Industry Online (IOL), **AC total ex-factory shipments** decline narrowed to -7% yoy in Jun (vs. -11% yoy in May), with narrower decline from domestic (-7% yoy in Jun vs. -15% yoy in May) but weaker growth from exports (-7% yoy in Jun vs. -4% yoy in May). Compared to previous production plan, both domestic and exports came above (vs. -23% and -21% yoy of previous production plan respectively). Similar to previous months, we note that overall exports by Chinese players should be greater than that indicated by IOL export data as leading companies such as Midea also export from their overseas factories.

**Domestic shipment came in better than expected by IOL in Jun**, likely supported by better demand as we noticed sequentially higher AC discounts during 618. Going forward, IOL production plan suggests SD% yoy decline in 3Q26, a narrower pace vs. 2Q26.

**Exports remained resilient and came in better than expected in Jun**, driven by Chinese players' continued share gains in our view. In particular, the surging demand for Chinese ACs amid the current heatwave in Europe has been a key investor focus, contributing to company sales in both 2Q-3Q. For example, Midea mentioned 70%+ yoy growth for its AC sales in France, Spain, Germany and the United Kingdom in 1H26 was driven by the blockbuster product PortaSplit. Property sales data ([Exhibit 12](#)) in DM and consumer sentiment ([Exhibit 11](#)) both showed sequential improvements in the past month. US appliances shipment decline also narrowed in 2Q26 (-3% yoy vs. -8% yoy in 1Q per [AHAM](#)). Going forward, the current IOL production plan forecasts a similar exports growth in 3Q26 as 2Q.

**By brand**, Haier and Hisense outpaced the industry in terms of total shipments growth, while Gree and Midea lagged. Haier's total AC ex-factory shipments were up by 8% yoy, underpinned by +4%/+23% domestic/exports growth. Hisense's total AC ex-factory shipments decreased by 3% yoy, underpinned by +12%/-17% domestic/exports growth. Midea's total AC ex-factory shipments decreased by 11% yoy, with larger decline of both domestic and exports (-11% and -10% yoy). Gree's total AC ex-factory shipments decreased by 13% yoy, with above-industry domestic and exports (-26% and -25% yoy).

Total ex-factory shipment volume growth for **washing machines/refrigerators** demonstrated mixed trends in May.

- Washing machine total shipments growth moderated to +2% yoy in May (vs. +4% yoy in Apr). Domestic decline widened to -9% yoy in May (vs. -6% yoy in Apr), and exports growth decelerated to +12% yoy in May (vs. +14% yoy in Apr). By brand, both Midea and Haier came above industry. Midea's total shipments were up by +2% yoy, with domestic/export shipments growing by -5%/+11% yoy. Haier's total shipments grew by +3% yoy, with domestic/exports growth of -5%/+17% yoy.
- Refrigerator total shipments growth accelerated to +9% yoy in May (vs. +6% yoy in Apr). Domestic decline widened to -9% yoy in May (vs. -4% yoy in Apr), but exports growth accelerated to +23% yoy in May (vs. +13% yoy in Apr). By brand, Midea and Hisense came above industry but Haier came below in May. Midea's total shipments grew by +27% yoy, with domestic/export shipments growing by +13%/+39% yoy.

Hisense's total shipments grew by +18% yoy, with domestic/overseas shipments growth of -7%/+33% yoy. Haier's total shipments were -1% yoy, of which domestic/exports grew -6%/+57% yoy.

Total shipment value for **variable refrigerant flow systems (VRF)** decreased 6% yoy, a wider decline vs. -5% yoy in Apr. Domestic shipment decline widened while export shipment growth stayed stable in May (domestic/exports -8%/+1% yoy in May vs. -6%/+1% yoy in Apr). By brand, in the domestic market, Daikin and Gree came above the industry at -1%/-7% yoy, while Hisense-Hitachi/Midea was below/in-line at -8%/-13% yoy. For exports, Daikin and Midea showed faster growth vs. the industry average.

June ex-factory shipment data for refrigerators/washing machines/refrigerant flow systems will be released at the end of July.

## Retail sales started to show sequential improvements with easing comps

**Retail sales decline narrowed mom in Jun on a lower base.** NBS home appliances and electronics retail sales decreased by 9% yoy in Jun, improving from -16% yoy in May.

**Product wise**, while most categories continued to record yoy declines in June, RVC relatively outperformed with positive growth in both online and offline channels.

**Channel wise**, more categories showed better online growth vs. offline in June, similar to previous months.

Regarding pricing, **ASP growth continued to show mixed trends in June.** Select small appliances such as pressure cooker showed positive ASP growth in both online and offline channels, while select white goods such as AC and washing machine exhibited ASP growth pressure yoy.

**Brand-wise**, Midea, Xiaomi and Haier showed mom market share increase in the AC market in Jun, while Gree lost share mom. In cleaning appliances, Roborock maintained market leadership, and Ecovacs gained share mom.

**Exhibit 19: Online appliances sales continued to show yoy growth pressure in June though sequentially better than May**

## Overseas RVC and robotic lawn mower growth remained robust

**RVC industry app downloads growth (a proxy of retail demand growth) in overseas markets** accelerated to +56% yoy in Jun (vs. +38% yoy in May). By region, Americas, Europe and APAC all showed accelerated growth (Americas/Europe/APAC +76%/+57%/+30% yoy in Jun vs. +36%/+43%/+30% yoy in May). Roborock overseas downloads growth accelerated to +64% yoy in Jun (vs. +54% yoy in May), still faster than the industry average. By region, Roborock gained shares in the Americas and Europe (+6ppt/+1ppt yoy to 25%/30%), while its shares in APAC pulled back but remained the market leader (-2ppt yoy to 33%).

**Amazon US RVC sales data showed notable mom acceleration in June (+131% yoy in June vs. -16% yoy in May) likely supported by earlier Prime Day** (in June this year vs. July last year). Roborock, Ecovacs, Dreame and iRobot gained share, while Eufy and Shark relatively underperformed.

Based on **overseas lawn mowers app download data** (tracked by Sensor Tower), robotic lawn mower demand remained solid with DD% growth and Ninebot's continued market share gains with 200%+ growth in Jun.

### Price Target Risks and Methodology

#### Midea

Valuation: Our 12-m TPs (A/H-share) of Rmb98/HK\$113 are based on a 16x exit multiple applied to our 2028E EPS, discounted back to 2027E using a 9.5% cost of equity.

Key risks: 1) Worse-than-expected disruption on white goods demand from weaker macro globally; 2) rising material costs affecting product margins; 3) execution risk of its premiumization strategy; and 4) rising competition in the low-to-mid-end segment.

**Ninebot**

Valuation: Our 12-m target price of Rmb62 is based on a 16x exit P/E multiple applied to our 2028E EPS and discounted back to 2027E using a 9.5% cost of equity.

Key risks: 1) Decline in disposable income and consumer confidence from weaker macro conditions; 2) slower-than-expected product launches or new category expansion; 3) intensifying competition in domestic/overseas markets; 4) potential tariffs/anti-dumping duties may reduce profitability; and 5) higher-than-expected raw materials cost.

**Roborock**

Valuation: Our 12-m TP of Rmb170 is based on a 17x exit P/E multiple applied to our 2028E EPS and discounted back to 2027E using a 9.5% cost of equity.

Key risks: 1) Faster demand recovery supported by better-than-expected macro conditions; 2) better-than-expected product development/expansion; and 3) easing competition.

## Disclosure Appendix

### Reg AC

We, Nicolas Yi and Cecilia Tang, hereby certify that all of the views expressed in this report accurately reflect our personal views about the subject company or companies and its or their securities. We also certify that no part of our compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in this report.

**Contributing Authors:** Nicolas Yi Goldman Sachs (China) Securities Company Limited, Cecilia Tang Goldman Sachs (China) Securities Company Limited.

Unless otherwise stated, the individuals listed in the Contributing Authors disclosure of this report are analysts in Goldman Sachs' Global Investment Research division.

### GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

**Growth** is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

### M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

### Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

### Disclosures

#### Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

|        | Rating Distribution |      |      |  | Investment Banking Relationships |      |      |
|--------|---------------------|------|------|--|----------------------------------|------|------|
|        | Buy                 | Hold | Sell |  | Buy                              | Hold | Sell |
| Global | 50%                 | 34%  | 16%  |  | 65%                              | 59%  | 43%  |

As of July 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,104 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

### Regulatory disclosures

#### Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; for equity securities, market making and/or specialist role. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

#### Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and

regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for “wholesale clients” within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client’s objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client’s own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs’ Australian Sell-Side Research Independence Policy Statement are available at: <https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html>. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at <https://www.gs.com/worldwide/brazil/area/gir/index.html>. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: <https://www.goldmansachs.com/worldwide/india/research-analyst>. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for “professional investors” within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither “registered banks” nor “deposit takers” (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for “wholesale clients” (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: <https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html>. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

**European Union and United Kingdom:** Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom’s departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at <https://www.gs.com/disclosures/europeanpolicy.html> which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

**Japan:** Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

## Ratings, coverage universe and related definitions

**Buy (B), Neutral (N), Sell (S)** Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock’s total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region’s Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts’ investment rating for such stocks.

**Total return potential** represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

**Coverage Universe:** A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at <https://www.gs.com/research/hedge.html>.

**Not Rated (NR).** The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs’ involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that

has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

## Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or [contatogoldmanbrasil@gs.com](mailto:contatogoldmanbrasil@gs.com). Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou [contatogoldmanbrasil@gs.com](mailto:contatogoldmanbrasil@gs.com). Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

**European Economic Area:** Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

## General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (<https://www.sipc.org>).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, and buy or sell, the securities or derivatives, if any, referred to in this research, unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at <https://www.theocc.com/about/publications/character-risks.jsp> and [https://www.goldmansachs.com/disclosures/cftc\\_fcm\\_disclosures](https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures). Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

**Differing Levels of Service provided by Global Investment Research:** The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related

services) that may be available to you, please contact your GS representative or go to <https://research.gs.com>.

Disclosure information is also available at <https://www.gs.com/research/hedge.html> or from Research Compliance, 200 West Street, New York, NY 10282.
