## Autos &amp; Shared Mobility | North America

# Global Auto Monitor: Positioning Through an Uncertain Cycle

Within a mixed demand backdrop, this week's reports from the Global Auto research franchise highlight the importance of operating execution. Tesla autonomy is progressing, Carmax and Stellantis face execution risk, and Ferrari unveils its new EV, while interest in Autos x Energy continues to grow.

We'd greatly appreciate your support for the Morgan Stanley Auto & Auto Parts team in this year's All-America Extel survey. Thank you so much! - Andrew

## What Others Are Reading - Our Most Read Reports

[NORTH AMERICA] **Tesla Inc: Our Guide to Robotaxi Safety Data: Early Signals from Austin (27 May 2026)** TSLA autonomy is a rate-of-change story. Safety is showing signs of improvement, FSD usage is scaling, and the robotaxi fleet is ramping, supporting a more constructive outlook after a slow start to the year. With this note, we build a tracker normalizing NHTSA data from the Austin robotaxi fleet.

[NORTH AMERICA] **1Q26 Auto Supplier Scorecard: Outperforming in a Challenging Backdrop (26 May 2026)** We exit 1Q26 earnings more constructive on suppliers, as execution, cost control, and launch activity supported results despite weaker production, memory / commodity inflation, and macro uncertainty.

[NORTH AMERICA] **Carmax Inc: Waiting for June: Reit. Equal-weight (26 May 2026)** While we wait for a meaningful strategic update in 'early summer', KMX is in a holding pattern as the company works through getting units back to growth by lowering GPU and managing opex while investing in digital

experience and brand awareness. Reit. EW, \$35 PT with a negative risk reward skew.

[GLOBAL] **Global Autos: April Global Auto Sales: slow (27 May 2026)** Global market +0.7% in April. Still falling in the US and in China, compensated with Europe, EMs strong growth and back to positive in Japan. Premium market now losing YoY share globally vs mass market sales.

[EUROPE] **Ferrari NV: A different kind of Ferrari (26 May 2026)** The first ever BEV Ferrari is positioned at the upper end of the current "range" line-up, and introduces a new design language that has generated mixed reactions so far. Initial feedback from both the press and investors has skewed negative, which is reflected in the share price performance (c.-8% at the time of writing).

[EUROPE] **Stellantis: CMD: ambitious targets, focus moves to execution (21 May 2026)** Clear turnaround messages, addressing key issues: product, brands, cost, capacity utilization, investments and margin, including additional partnerships. Targets look ambitious to us, the market is not going to help, the focus now moves to execution and delivery.

[KOREA] **Hankook Tire & Technology Co Ltd: Research Tactical Idea (27 May 2026)** We believe the share price will rise in absolute terms over the next 15 days. Other...Despite the market's initial fear of input cost headwinds weighing on HT's 2H26 profitability outlook, we expect upcoming tire price hikes to offset rising input cost pressure and allow the company to sustain healthy tire margins.

[KOREA] **Hankook Tire & Technology Co Ltd: Looming Price Hikes (27 May 2026)** Despite the market's initial fear of input cost headwinds weighing on HT's 2H26 profitability outlook, we expect it to announce a series of price hikes to offset rising input cost pressure and sustain healthy tire margins. At 5.6x 2026e P/E, we continue to see an attractive risk/reward profile.

[INDIA] **Ashok Leyland Ltd.: In-line Quarter, Inflationary Headwinds Keep Us EW (28 May 2026)** EBITDA was 4% ahead of our estimate, margin at 14.6%, down 40bps YoY. Demand is holding up well but headwinds need to be monitored. To manage commodity headwinds, the company has hiked prices 1-1.5%. Commodity headwind is a challenge but AL did not quantify it. Switch mobility has turned profitable. The company is starting battery pack manufacturing also.

[INDIA] **Amara Raja Batteries Ltd.: Key Takeaways from the Conference Call (26 May 2026)** New energy business: Its customer qualification plant is expected to see full-scale operations by F2Q27 while the phase 1 (2GWh NMC) line is expected to commence by 2Q CY27. Per management, all major equipment for the first 2 GWh cell line has been ordered.

[JAPAN] **Toyota Motor: Nikkei Reports Toyota To Discontinue Some EV Development (29 May 2026)** If the Nikkei report is accurate, we view the strategic direction itself as reasonable, but the scale of impairment losses on

development assets and compensation to suppliers would be a risk factor. Depending on the amount, we cannot rule out that it will be perceived negatively.

[JAPAN] **Mitsubishi Motors: Focus on New Medium/Long-term Vision Announcement (25 May 2026)** The new mid/long-term vision briefing set for May 29 is a catalyst. Despite the stock's recent gains, we see this event as a likely positive catalyst for the stock.

[CHINA] **BYD Company Limited: Beyond Your Drive – Second Wave Ready, Smarter Every Mile (29 May 2026)** Important strategic inflection point toward smart driving... The financial safety net will likely accelerate City NOA activation rates over its 3mn units base, and expanding the hardware option across its large vehicle lineup will feed a powerful data flywheel to train its AD models, offering scale advantage vs mass-market peers. The aggressive pivot to in-house chips and platforms is a bright...

[CHINA] **Li Auto Inc.: 1Q26 call takeaways – 1Q a trough quarter; targeting 40%+ YoY volume growth in 2H (28 May 2026)** Management targets 2Q26 group GpM of 10%+ and vehicle margin of ~10%. With more material cost inflation reflected in 2Q and a higher proportion of i6, ultimately, vehicle margin will hinge on L9 deliveries.

[CHINA] **XPeng Inc.: 1Q26 Call Takeaways – Growth to build through year-end (28 May 2026)** Sales volume to grow sequentially through year-end: GX is expected to support a meaningful pickup in sales volume starting in June. Beyond GX, Xpeng plans to launch three additional SUV models (L03, L05 and one more) which should support sequential sales growth in each quarter through the remainder of the year.

[CHINA] **Minth Group Limited: Asia AI Summit 2026 Feedback – Stepping into AI Opportunities (28 May 2026)** Minth joined our Summit together with its subsidiary United Alloy Tech (UAT, 3162.TWO). Investor focus was mainly on AIDC business potential, in particular recent initiatives such as SOFC (solid oxide fuel cell) and SST (solid state transformer).

[CHINA] **China Autos & Shared Mobility: Where Did China's OEMs Sell Overseas in April? (27 May 2026)** BYD's overseas registrations fell 10-15% MoM in April as UK sales normalized from the March peak (5k vs. 15k in March)...Offsetting growth in LatAm (~2.5k MoM) and SEA (~1k MoM). YoY growth still reached 55-60% in April. Geely's overseas registration increased 10-15% MoM, driven by ~2.5k sales growth in Brazil and ~1k in Australia. YoY growth reached 95-100% in April.

**Global picks:** General Motors, Carvana, Mercedes-Benz Group AG, Daimler Truck Holding AG, Suzuki Motor are our preferred stocks from major regions.

**Our global industry views:** Our view on India auto is **Attractive**. We have **In-Line**

views on the North America, Europe, China, Japan, and South Korea industries.

Source: FactSet, Morgan Stanley Research estimates

Notes: (1) For Renault EV calculation, Nissan and Volvo stakes are subtracted at 20% discount to their current market cap. (2) For Indian companies, 2030 and 2024 estimates refer to the fiscal years ending March 2024 and March 2025, respectively. (3) EV/EBITDA excludes the impact from pension and healthcare liabilities with the exception of Ford. Ford is calculated on an EV/EBITDAP and includes pension and healthcare liabilities.

Notes: e = Morgan Stanley Research est; O = Overweight; E = Equal-weight; U = Underweight; NC = Not Covered. Valuation multiples are based on MS est. unless a company is restricted or NC, in which case cons. est. are used. 4) PTs & Ratings are as May 29, 2026.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: Aisin, Aptiv Plc, Autoliv, Avis Budget Group Inc, BMW, BorgWarner Inc., BYD Company Limited, China MeiDong Auto Holdings Ltd, Continental AG, Daimler Truck Holding AG, Dauch Corporation, Denso, EHang Holdings Ltd, Ford Motor Company, Geely Automobile Holdings, General Motors Company, Goodyear Tire & Rubber Company, Hertz Global Holdings Inc, Hesai Group, Horizon Robotics, Hyundai Motor, Lear Corporation, Mahindra & Mahindra, Mercedes-Benz Group AG, Michelin, Minth Group Limited, NIO Inc., Nissan Motor, Opmobility SE, Penske Automotive Group, Inc, Pirelli & C SpA, Porsche AG, Renault, Rivian Automotive, Inc., Stellantis, SUBARU, Tata Motors Passenger Vehicles Limited, Tesla Inc, Toyota Motor, Traton SE, Visteon Corporation, Volkswagen, Volvo, Zhongsheng Group Holdings.

An employee, director or consultant of Morgan Stanley is a director of General Motors Company. This person is not a research analyst or a member of a research analyst's household.

Morgan Stanley & Co. LLC makes a market in the securities of Adient PLC, Asbury Automotive Group Inc, Autoliv, AutoNation Inc., Dauch Corporation, Group 1 Automotive, Inc, Lear Corporation, Lithia Motors Inc., Penske Automotive Group, Inc, Sonic Automotive Inc, Visteon Corporation.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.

Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

## STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

## Global Stock Ratings Distribution

(as of May 31, 2026)

The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.

For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

| Stock Rating Category | Coverage Universe |            | Investment Banking Clients (IBC) |                |                      | Other Material Investment Services Clients (MISC) |                       |

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

## Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.

Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.

Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.

Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.

Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

## Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.

In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.

Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.

Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

## Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at [www.morganstanley.com/online/researchdisclosures](http://www.morganstanley.com/online/researchdisclosures). For Morgan Stanley specific disclosures, you may refer to <https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch>.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

## Other Important Disclosures

A member of Research who had or could have had access to the research prior to completion owns securities (or related derivatives) in the Ford Motor Company. This person is not a research analyst or a member of research analyst's household.

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at <http://www.morganstanley.com/matrix>.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at <http://www.morganstanley.com/matrix>.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (<http://www.morganstanley.com/terms.html>). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (<http://www.morganstanley.com/terms.html>). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy ([http://www.morganstanley.com/privacy\\_pledge.html](http://www.morganstanley.com/privacy_pledge.html)), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy ([http://www.morganstanley.com/privacy\\_pledge.html](http://www.morganstanley.com/privacy_pledge.html)). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research. Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.
