

China EV Monthly Chartbook: The Summer Lull

Domestic demand remained soft in Jun-26, with PV wholesale and retail sales down 6% and 23% YoY, while NEV penetration eased from May's peak. Exports stayed the key bright spot, surging 80% YoY to a record 905k units, led by Chery, BYD, Geely and SAIC, as Chinese brands continued gaining overseas share. Pricing pressure persisted, with retail ASP down 2% MoM to RMB170k and Chinese NEV prices falling 9% YoY. Details below.

NEV insurance penetration eased to 60.3%.

- PV wholesale volume reached 2.4mn units (-5.6% YoY, +6.6% MoM), with exports (+80% YoY to 904.5k) maintaining strong momentum. Retail came in at 1.66mn units (-23% YoY, +13% MoM).
- NEV PV wholesale volume was 1.52mn units, up 21.3% YoY and 9.8% MoM. Domestic NEV insurance penetration eased to 60.3% (off May's record 62.3%); BEV at 41.6%, PHEV at 18.7%.
- On market share, Leapmotor, Geely and NIO all outperformed in 1H26, with share up 1.3/1.2/1.2ppt YoY. Leapmotor stood out with 1H26 retail up 45% YoY (Jun-26 +73% YoY to 70k units), while NIO also accelerated (+68% 1H26 YoY; Jun-26 +88% YoY to 41k units). BYD continued to lose ground (-38% 1H26 YoY), while most JV/luxury brands (Ford, Honda, Mercedes all down 30%+ in Jun) continued to underperform.

Exports remained the bright spot.

- PV exports hit another record of 904.5k units in Jun-26 (+80% YoY, +12% MoM). Chery, BYD, Geely and SAIC continued to dominate, accounting for c.67% of total shipments. Geely was the clear winner, expanding export share by 5.8ppt YoY following a 213% surge in 1H26 exports, while SAIC lost 1.5ppt of share.
- Share gains remained broad-based across regions.** Chinese brands captured 9.1% of the European PV market and 19.7% of NEVs, with Chery (+1.1ppt YTD) and BYD (+0.8ppt) leading gains. Southeast Asia recovered to 15.4% share (56% in NEVs), while Latin America remained the deepest market at 16.3% share and ~87% of NEV sales. Across both regions, Chery, BYD and Geely remained the primary share gainers.

Average retail ASP slipped to RMB170k (-2% MoM, flat YoY), as the mix turned less supportive. BEV ASP nudged up 1% MoM while ICE fell 3%. Chinese NEV ASP declined 2% MoM and a steep 9% YoY (price competition still biting), and Chinese ICE ASP also gave back 2% MoM. Luxury stayed soft (-2% MoM, Mercedes -7%, BMW -6%, Audi -2% all down) and JVs eased 3% MoM. Within premium NEVs, the dispersion widened further: NIO (+15% MoM, hitting RMB443k), AITO (+19%), Tank (+1%) and Tesla (+4%) firmed up, while Li Auto (-1%), Zeekr (-1%) and Xiaomi (-2%) all weakened.

New models. The 409th MIIT catalog reads as a coordinated push into segments still held by JV and luxury brands. Xiaomi's first EREV (N90/N70) takes on Li Auto and AITO with class-leading pure-electric range and a rotating-seat, flat-floor interior; Li Auto i9 arrives at ~Rmb 450k with MEGA-class space; Geely BattleShip 700 and Chery iCAR V25 open a sub-Rmb 200k boxy-SUV lane against Haval H9 and Honda CR-V; BYD refreshes the top of its stack (new Tang, Denza Z9S) plus the entry Seagull. The pattern is consistent: larger footprints, longer EV-only range on PHEV/EREV, and pricing set to keep pressuring incumbents.

remain below market expectations, as we think the overall PV market will continue to face pressures next year. Given the auto sector's derating year-to-date in 2026, we lower our price target to RMB4.5, based on 0.7x FY26E P/S, in line with the sector average multiple. Maintain Hold.

Bluepark (600733 CH)

We have revised our FY26/FY27 forecasts to reflect improving gross margins in the self-owned brand business, but with weaker-than-expected auto demand. Given the auto sector's derating in 2026 to date, we lower our price target to RMB4.5 based on 0.7x FY26E P/S, in line with the sector's average multiple. Maintain Hold.

Explanation of Jefferies Ratings

Buy - Describes securities that we expect to provide a total return (price appreciation plus yield) of 15% or more within a 12-month period.

Hold - Describes securities that we expect to provide a total return (price appreciation plus yield) of plus 15% or minus 10% within a 12-month period.

Underperform - Describes securities that we expect to provide a total return (price appreciation plus yield) of minus 10% or less within a 12-month period.

The expected total return (price appreciation plus yield) for Buy rated securities with an average security price consistently below \$10 is 20% or more within a 12-month period as these companies are typically more volatile than the overall stock market. For Hold rated securities with an average security price consistently below \$10, the expected total return (price appreciation plus yield) is plus or minus 20% within a 12-month period. For Underperform rated securities with an average security price consistently below \$10, the expected total return (price appreciation plus yield) is minus 20% or less within a 12-month period.

NR - The investment rating and price target have been temporarily suspended. Such suspensions are in compliance with applicable regulations and/or Jefferies policies.

CS - Coverage Suspended. Jefferies has suspended coverage of this company.

NC - Not covered. Jefferies does not cover this company.

Restricted - Describes issuers where, in conjunction with Jefferies engagement in certain transactions, company policy or applicable securities regulations prohibit certain types of communications, including investment recommendations.

Monitor - Describes securities whose company fundamentals and financials are being monitored, and for which no financial projections or opinions on the investment merits of the company are provided.

Valuation Methodology

Jefferies' methodology for assigning ratings may include the following: market capitalization, maturity, growth/value, volatility and expected total return over the next 12 months. The price targets are based on several methodologies, which may include, but are not restricted to, analyses of market risk, growth rate, revenue stream, discounted cash flow (DCF), EBITDA, EPS, cash flow (CF), free cash flow (FCF), EV/EBITDA, P/E, PE/growth, P/CF, P/FCF, premium (discount)/average group EV/EBITDA, premium (discount)/average group P/E, sum of the parts, net asset value, dividend returns, and return on equity (ROE) over the next 12 months.

Jefferies Franchise Picks

Jefferies Franchise Picks include stock selections from among the best stock ideas from our equity analysts over a 12 month period. Stock selection is based on fundamental analysis and may take into account other factors such as analyst conviction, differentiated analysis, a favorable risk/reward ratio and investment themes that Jefferies analysts are recommending. Jefferies Franchise Picks will include only Buy rated stocks and the number can vary depending on analyst recommendations for inclusion. Stocks will be added as new opportunities arise and removed when the reason for inclusion changes, the stock has met its desired return, if it is no longer rated Buy and/or if it triggers a stop loss. Stocks having 120 day volatility in the bottom quartile of S&P stocks will continue to have a 15% stop loss, and the remainder will have a 20% stop. Franchise Picks are not intended to represent a recommended portfolio of stocks and is not sector based, but we may note where we believe a Pick falls within an investment style such as growth or value.

Risks which may impede the achievement of our Price Target

This report was prepared for general circulation and does not provide investment recommendations specific to individual investors. As such, the financial instruments discussed in this report may not be suitable for all investors and investors must make their own investment decisions based upon their specific investment objectives and financial situation utilizing their own financial advisors as they deem necessary. Past performance of the financial instruments recommended in this report should not be taken as an indication or guarantee of future results. The price, value of, and income from, any of the financial instruments mentioned in this report can rise as well as fall and may be affected by changes in economic, financial and political factors. If a financial instrument is denominated in a currency other than the investor's home currency, a change in exchange rates may adversely affect the price of, value of, or income derived from the financial instrument described in this report. To the extent prices are shown in non-US currency, please note that our local currency price targets are based on a currency conversion using an exchange rate as of the prior trading day (unless otherwise noted). Should there be fluctuations in the exchange rate after this date, that will affect the non-US target prices and should no longer be relied upon. In addition, investors in securities such as ADRs, whose values are affected by the currency of the underlying security, effectively assume currency risk.

Only JRS is registered with the SEC as an investment adviser, and therefore neither Jefferies LLC nor any other Jefferies affiliate has any fiduciary duty in connection with distribution of these reports.

The price and value of the investments referred to herein and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

This report may contain forward looking statements that may be affected by inaccurate assumptions or by known or unknown risks, uncertainties, and other important factors. As a result, the actual results, events, performance or achievements of the financial product may be materially different from those expressed or implied in such statements.

This report has been prepared independently of any issuer of securities mentioned herein and not as agent of any issuer of securities. No Equity Research personnel have authority whatsoever to make any representations or warranty on behalf of the issuer(s). Any comments or statements made herein are those of the Jefferies entity producing this report and may differ from the views of other Jefferies entities.

This report may contain information obtained from third parties, including ratings from credit ratings agencies such as Standard & Poor's, and information derived from third-party or proprietary generative artificial intelligence (Gen AI) models. Jefferies does not guarantee the accuracy, completeness, timeliness or availability of this information, and is not responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or for the results obtained from the use of such content. Neither Jefferies nor any third-party content providers, including providers of Gen AI models, give any express or implied warranties, including, but not limited to, any warranties of merchantability or fitness for a particular purpose or use. Neither Jefferies nor any third-party content provider shall be liable for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including lost income or profits and opportunity costs) in connection with any use of their content, including ratings. Credit

ratings are statements of opinions and are not statements of fact or recommendations to purchase, hold or sell securities. They do not address the suitability of securities or the suitability of securities for investment purposes, and should not be relied on as investment advice. Reproduction and distribution of third party content in any form is prohibited except with the prior written permission of the related third party.

Jefferies research reports are disseminated and available electronically, and, in some cases, also in printed form. Electronic research is simultaneously made available to all clients. This report or any portion hereof may not be copied, reprinted, sold, or redistributed or disclosed by the recipient or any third party, by content scraping or extraction, automated processing, or any other form or means, without the prior written consent of Jefferies. Any unauthorized use is prohibited. Neither Jefferies nor any of its respective directors, officers or employees, is responsible for guaranteeing the financial success of any investment, or accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this report or its contents. Nothing herein shall be construed to waive any liability Jefferies has under applicable U.S. federal or state securities laws.
